INSTITUTE

28th Annual ASCE Water Resources Seminar

Friday, March 30, 2012
at the Buena Vista Palace in Orlando

Spend a day with us learning about what's happening in water resources, while networking with professionals in your area! Come enjoy presentations by industry experts on subjects such as Watershed Management, the latest on TMDLs, what is coming in NPDES, as well as restoration efforts in Lake Okeechobee and the Kissimmee River. All topics address important issues to Florida's water resources community.

Learn about:

- Current industry practices
- Case studies from existing systems
- Surface water modeling tools and projects
- Region's approach to water resources
- Addressing the evolving regulatory climate

Who should attend?

- Water resource planners and engineers
- Water quality specialists
- Environmental scientists
- Regulatory personnel
- Local and state government agencies
